

REMOTE ACCESS FOR DEBTOR'S ATTORNEYS TO BRETT N. RODGERS TRUSTWIN SYSTEM

This is to provide access for debtor's attorneys to our Trustwin case management software. With access you will be able to view up-to-date information on our system and access features such as payoff screens.

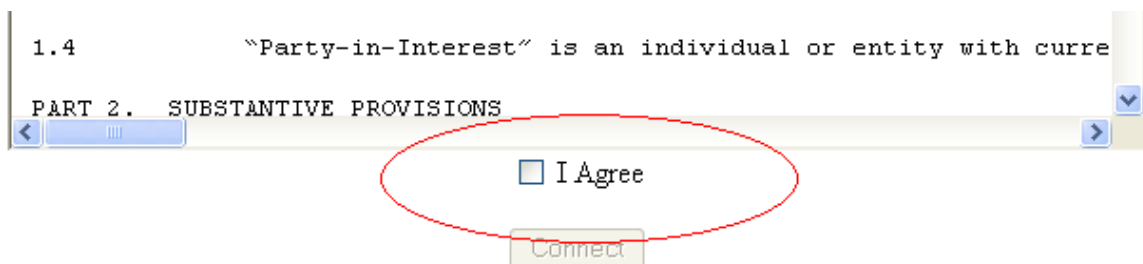

1. First go to our website at www.rodgersch13.com. On the Links page you will find the Remote Access Registration Form and Agreement that needs to be filled out completely and returned to our office.
2. Once our office receives your completed Registration Form and Agreement, we will e-mail you a user id and password for you to use to sign into the system.
3. To access the system, you will need to be using Internet Explorer. Remote access will not work with other browsers. Click the "Remote Access" link on the left of our home page.

4. Internet explorer will prompt you to install an Active-X control which is required for remote access to work properly.

5. You will need to accept the license agreement before you will be allowed to connect.

6. Click the connect button and you will be presented with a logon screen. Enter the username and password provided to you by the Trustee's office
